

LIMBO

Safety Instructions

1. Be sure that there is plenty of clearance between the player and spectators.
2. Keep spectators clear from the sides and back of canvas to prevent them from being struck by a deflected or errant throw.
3. If using game outdoors, it is strongly suggested that you use the stakes provided on either side of the bottom supports. Use sandbags on pavement. And in a breeze, use sandbags with the stakes.
4. **NEVER USE THE GAME IN STRONG WINDS OR LIGHTENING!!**
5. Use caution when setting up or taking down the game. Once the bolts are loosened the sections of tubing can come apart and fall down causing injury.
6. Use only the soft baseballs included with the game.

LIMBO

LIMBO

Assembly Instructions

1. Select a level area to operate game with plenty of room to allow for a line to form.
2. Assemble framework, per sketch. (Be sure to tighten down the fittings using the small bolts on them.)
3. Attach canvas to the framework using the Velcro straps.
4. Put clips on the tubing behind the canvas on either side. These blocks support the bamboo rod and are adjusted as the Limbo progresses.
5. If using game outdoors, it is strongly suggested that you use the stakes provided on either side of the bottom supports. Use sandbags on pavement. And in a breeze, use sandbags with the stakes.
6. Never fold up canvas wet. Always allow to dry thoroughly first.

[**NOTE:** Your canvas is powdered to prevent it from sticking together during shipment. Simply remove powder with a dry cloth.]

CANVAS CARE

1. If game becomes wet, dry thoroughly before storing.
2. Fold the canvas INWARD to help protect and keep it clean.
3. Canvas can be cleaned with rubbing alcohol when necessary. If your game involves velcro, clean the hook and loop fabric with dry brush to knock out the dirt. If velcro fabric is badly soiled, use upholstery cleaner.

FRAME SET-UP

LIMBO
